

A Night for Love

What a night for forgiving
What a night for love
What a night to be open
What a night to come home

A night for love
Feel the water crossing stone
A night for love
Ooh, the water's flowing home

All these plans we make
The endless ties of the world
As your letting go
Watch the river flow home

What a night for the lonely
To be alone no more
What a night to be open
To walk through the door

A night for love
Feel the water crossing stone
A night for love
Ooh, the water's flowing home

All these plans we make
The endless ties of the world
As your letting go
Watch the river flow

Home. Home. Home. Home.

A night for love, feel the water crossing stone
A night for love, ooh, the water's flowing home
A night for love, ooh, the water's flowing home
