**Shirley sits alone in her room
Living dreaming
Her main bill pays all the bank loans
Living owing**

**So how come Shirley
You never wake up early
How come you're never changing?**

**Safe in her home, meat on a bone
Sure beats living alone
Apartment 4B, a door with a key
But tell me how come Shirley**

**How come Shirley
You never wake up early
How come you're never changing?**

**Floating up high, heads in the sky
Living, turning
Thumbs in the pie, no time to ask why
Living burning**

**How come Shirley
You never wake up early
How come you're never changing?**
